 - We're the India's leading summer sports camps, creating incredible school holiday experiences to get children and adults aged 5-60 active, having fun and learning together.
 - Our formula is simple. We find the best coaches oozing with a unique energy and enthusiasm which we like to call 'The Sports Factor', create amazing programmes based on our decades of experience and deliver all of this at exceptional venues.
 - Unlike most holiday camp providers, we're a not-for-profit. This means, each time you make a booking we're able to use our expertise to transform the lives of people through sport around the world.

- We have four types of programmes which run throughout the year; **Multi-Active, Multi-Fitness , Specialist, Teen/Kids.**
- Each programme is packed with fun and is designed to give children the chance to enjoy lots of different types of activities, from team games to individual pursuits.
- What makes us unique is our 'active learning' approach. Our activities help children learn together and develop new skills... without them even realising. The core skills we focus on include teamwork, communication, agility, strength and problem solving. Whether they're with us for 3 days or 3 weeks, our aim is to boost confidence in each people and instil a love of being active.
